Looks good. I don't think we need to add this to the agenda but I'd expect Hothi to bring up the TriStar project and that will give you (Kris) a chance to explain what we have discussed with them and what we may/may not be able to offer in terms of an agreement.

Attached is a draft agenda. Let me know if you have anything to add. I'll send it to Mr. Hothi next week.

Also, I plan to print out the exact language of the relevant CERCLA sections. This is more so that Mr. Hothi can take it with him, not because I want us to go over every sentence or have an in-depth legal discussion about Spokane Recycling's liability. I would not do this for a company that has an attorney, but I'm trying to make this as informative as possible for someone without representation.

Edits look great! Thank you. I can bring a set of color copies for Hothi and whoever comes with him.

Hi Brooks and Jeff-

I reviewed and made a few edits to the powerpoint. I couldn't track changes because it's powerpoint, but hopefully you're ok with the minor changes. I spelled out a few acronyms, updated the date on page 1, and made some minor grammatical edits. No substantive changes. I also marked each page as confidential for settlement purposes only.

In addition to using this on a screen in our meeting, I think we should also provide a nice color printed copy for the Hothi's to take with them.

Kris
